

# A new dimension of freedom

Agapi 950 is the new breed. High performance, lightweight and fuel efficient family boat developed for the modern boating life. Agapi combines the Rigid Inflatable Boat (RIB) concept with an innovative and intelligent Swedish design. The Agapi boat concept provides users with a boat that opens up a new dimension of freedom. More versatility, sea worthiness in all conditions as well as ease of use. All, thanks to a well thought through design, production and logistics, coupled with high fuel efficiency ending in a significantly lower cost of ownership compared to the closest competitors.

Agapi 950 is built with lightweight materials and carbon fiber which results in a very light but very strong boat. The 950 is available with single or double outboard engines. RIB technology makes the 950 safe, fun to drive and easy to handle regardless

of the weather, speed and your choice of engine solution. With its 32 feet the boat is perfect for the open sea and its unique sea performance remains untouched even fully loaded.

Agapi 950 can be towed by a SUV, such as the BMW X5 or Audi Q7. Boat and trailer have been developed to fit each other so putting the 950 in and out of the water is surprisingly simple which opens up great opportunities to discover new waters and further lower costs of maintenance and storage.

An intelligent and modern Swedish design has created a unique boat with an extraordinary seaworthiness, lower owner costs, large social areas, six beds, toilet, kitchenet, sunbeds offering the comfort needed for your boating vacation.

## Technical data

## Ownership Solutions

### Agapi Club

Agapi Club is a unique and exclusive membership Club that opens up completely new possibilities for those who want to enjoy a boating life without the limitations or "musts" that usually go hand in hand with traditional boating. Having a membership in Agapi Club gives great access to an Agapi boat at a fixed price. Perfect for those longing for a hassle-free boating life and taking mostly day trips or occasional weekend tours.

### 100% Ownership

Traditional way of owning a boat.

### Agapi Shared Ownership

Interest in joint ownership is growing fast bringing the costs of owning a boat down. Shared ownership is the perfect alternative for those wanting a solution in between 100% ownership and Agapi Club. Share an Agapi boat with friends or make new ones through Agapi's network.
